**>** Manufacturer of custom-made integrated systems, design office, integrator, distributor and training center, such are the functions assumed by TRITEC France SARL, the subsidiary of the Swiss group TRITEC International.

The subsidiary is based near Montpellier and operates in continental France as well as its overseas territories (DOM-TOM). Its Director, Ms. Geneviève Bubel-Thoma, is surrounded by a team of 10 dynamic people and carries out investments in the renewable energies sector.

The TRITEC group has been weaving bonds of trust with its suppliers as well as its clients for years now. Moreover, its centralised purchasing method permits it to obtain very competitive prices.

One of the projects for 2011 for the French subsidiary is the support and development of key projects with its partners.
